Transport and Logistics

Transport and Logistics

T&J Whitehouse Pty Ltd is a leading provider of logistics and transportation, offering services from local deliveries to interstate haulage. With extensive knowledge in the mining and construction industries, we understand the importance of timely delivery and the need for flexibility to ensure your freight is delivered to the expectations and time frames requested. We believe our sustainable longevity in business is due to consistently offering competitive value and listening to our clients and accommodating to their needs.

Our Fleet

Our fleet of trucks offer versatility from moving machinery and equipment, light vehicles, bulk haulage, potable water and general freight up to 32 tonne. Our transporters range in combinations from tilt trays, tippers, tri axle floats, flat deck cartage, water distribution for dust suppression and prompt delivery of bulk potable water.

Safety

Our highly skilled drivers have intrinsic knowledge in the complex environments of mining and civil industries, guaranteeing experienced management of your haulage. With certifications and a multiple mine site inductions throughout the Bowen Basin, gives us the ability for immediate response to our clients requests. Our knowledge of industry standards are embedded in our operational practices, ensuring efficient service without compromising safe working practices.
